Welcome to College of Pharmacy at Chungnam National University

Chang Seon Myung, Ph.D.

Dean

**College of Pharmacy
Chungnam National University**

Since its establishment in 1979, the College of Pharmacy at Chungnam National University has made profound contribution to the society through education and research. It has produced more than 1,164 graduates with bachelor's degree and 619 graduates with master or Ph.D. degree, who have been playing important roles in both academic and industrial fields for our society.

The six year-pharmacy program designed to put more emphasis on education for basic pharmacology, clinical pharmacy and practical training was launched in 2011. Since then, faculties of our college have made restless efforts to provide students with all the resources they need to adapt to the new program comfortably and to achieve the educational goals. As a result, the College of Pharmacy at CNU is ready to produce first graduates of the six year program in 2015 with pride and satisfaction.

Our college also operates a highly reputed graduate program. Recently, the College of Pharmacy has been awarded with the BK21 Plus program administered by Korean Ministry of Education for the purpose of strengthening domestic graduate programs. In addition, Institute of Drug Research and Development was recognized as a Priority Research Center supported by National Research Foundation. It is also worth noting that our college was rated by JoongAng-Ilbo, one of leading Korean newspapers, as one of the best pharmacy schools in the nation based on its quality of research and publication records. Thanks to such a reputation, many students from a number of different asian countries including China, Nepal, India, Vietnam, Mongol and Malaysia come to our college to work with our renowned faculties.

On behalf of faculties and students of our college, I would like to sincerely acknowledge all alumni for their generous supports for the success of our college. I pledge to continue to do my best to build better educational and research programs to make greater contribution to our society.

1. Pharmacy Practice Course (4weeks)

Weeks	Day	Monday	Tuesday	Wednesday	Thursday	Friday
1st	A.M.	Community pharmacy practice	Community pharmacy practice	Community pharmacy practice	Community pharmacy practice	Community pharmacy practice

 - Name tag

2. Information of Community Pharmacy Practice

Community pharmacy: To be determined (TBD)

- Preceptor:
- Address:
- Phone:

Potential practice for Community Pharmacy Practice

- Understanding about public health care system in Korea focused on separation system of clinic and pharmacy.
- Learning and understanding of difference between over-the-count (OTC) drugs and prescription drugs in Korea
- Learning and understanding of oriental drugs as OTC.
- Learning about OTC drugs that are frequently used at community pharmacy in Korea
- Learning about oriental drugs that are frequently used at community pharmacy in Korea
- Learning about prescription drugs that are frequently prescribed at clinic in Korea
- Have an experiences to dispense drugs and counsel to patient for taking medicine rightly under prescriptions.
- Have an experiences to choose and counsel about OTC for patient with mild symptoms

3. Information of Hospital Pharmacy Practice

Hospital: Chungnam National University Hospital

- Representative preceptor: Chang Bae Lee (Pharmacist, Head of Hospital pharmacy)
- Preceptor: Jun Sook Lee (Pharmacist, Leader for division of dispense), Hye Soon Park (Pharmacist, Leader for division of drug information)
- Address: 282, Munhwa-ro, Chung-gu, Daejeon, Republic of Korea
- Phone: Office +82-42-280-7089
- Web page: <http://foreign.cnuh.co.kr/eng/engMain.do>

Potential practice for hospital pharmacy practice

- Understanding about roles of hospital pharmacist focused on difference of community pharmacist in Korea
- Understanding about working flow of hospital pharmacy
- Learning about prescription drugs that are frequently prescribed at hospital in Korea
- Learning about injectable drugs that are frequently prescribed at hospital in Korea
- Learning and having an experience about nutrition support work at hospital in Korea
- Learning and having an experience about high risk pharmacotherapy (anti-coagulant service (ACS) and chemotherapy) at hospital in Korea
- Learning and having an experience about clinical pharmacokinetics service (CPKs) at hospital in Korea
- Learning and having an experience about drug information service at hospital in Korea
- Learning and having an experience about adverse drug reaction (ADR) at hospital in Korea
- Learning and having an experience about specific pharmaceutical dosage form (inhaler, tubuhaler and diskus etc.) at hospital in Korea

4. Information of Supervisor, Coordinator and Secretary

Supervisor

- Name: Jong Seong Kang, Professor
- Address: Room no. 205, Building no. W6 (College of pharmacy), Chungnam National University, Yuseong-gu, Daejeon, Republic of Korea
- Phone: Office +82-42-821-5928, C.P. +82-10-4412-8358
- E-mail: kangjss@cnu.ac.kr

Coordinator

- Name: Hwi-yeol Yun, Assistant Professor
- Address: Room no. 416, Building no. W6 (College of pharmacy), Chungnam National University, Yuseong-gu, Daejeon, Republic of Korea
- Phone: Office +82-42-821-5941, C.P. +82-10-7454-5825
- E-mail: hyyun@cnu.ac.kr

Secretary

- Name: Na Eun Jeon
- Address: Room no. 321, Building no. W6 (College of pharmacy), Chungnam National University, Yuseong-gu, Daejeon, Republic of Korea
- Phone: Office +82-42-821-8728, C.P. +82-106751-7997
- E-mail: naeunj@cnu.ac.kr

5. Information of Mentor

Mentor-1 (Hospital pharmacy)-TBD

- Name:
- Status: 6th years student
- Phone: C.P. +
- E-mail:

Mentor-2 (Communitypharmacy)-TBD

- Name:
- Status: 6th years student
- Phone: C.P. +
- E-mail:

7. How to get College of Pharmacy at CNU from ICN airport

Step 1. Find the Bus stop 9D outside of the airport.

Step 2. You can buy Ticket near the 9D bus stop. Just tell to ticket officer ‘Daejeon, 1 person’

Step 3. The bus to the Daejeon (Korean: 대전) stops 3 times in Daejeon area, You should get off the bus when bus arrived at “Daejeon Government Complex” or in Korean “Jeong-Bu-Cheong-Sa”. Estimated time consuming will be around 2:30 from Incheon Airport to Daejeon. Most taxi drivers can understand English.

Step 4. Take a taxi or a bus(#104,108,706) to CNU. Taxi fare is about 6,000, and it takes approximately 15 minutes in a normal traffic flow (Building no. W6: College of Pharmacy)
