Ⅲ. Main School Regulations

1. Major Changes
a. These regulations apply to students who wish to switch majors after matriculation.
b. A student may change his/her major regardless of the current major, but the student is limited to one major change in the sophomore or junior year. Students entering a major due to major changes will not count as part of the admissions quota for that year. [However, in special cases where the characteristics of a certain field of study absolutely necessitate a limited pool of students, the practice of this rule may be limited]

2. Double-Majoring
Students may embark on a second major (at the end of freshman year) in addition to the major they originally applied to.
[However, double majors may not be undertaken by students of Medicine, Nursing, Pharmacy, Veterinary Medicine, Pre-Veterinary Medicine, Pre-Medicine, Architecture, Law, Painting, Sculpture, and Industrial Art, and even outside of such fields, a second major may be additionally discouraged when the demands of a student's original coursework prohibits the pursuit of a double major]

3. Early Graduation
Students may, according to their abilities, exceed their per-semester credit requirements by 3~6 credits every semester, therefore allowing them to graduate within 3 years to 3 years and one semester.
